From the Administration

Here we go, West Point-Beemer!

A few weeks into the school year, and school is rolling!

Our students have completed most of the initial testing and screeners for the fall session. All students in Grades 1-11 participated in the Measures of Academic Progress (MAP) assessments. The MAP assessment gives instructors the opportunity to analyze data and adjust any teaching plans to best help meet the needs of our students.

West Point Elementary has also completed the fall screener, Dynamic Indicators of Basic Literacy Skills (DIBELS), a measurement of reading fluency. Research shows a strong correlation between fluent reading and comprehension. West Point Elementary can use this data to better provide support to enhance student reading skills.

While it may seem our students have been busy with testing, they have been engaged with other activities. Many of our Cadet students are participating in extracurricular activities. These activities provide an excellent opportunity for students to showcase their talents and abilities while still learning valuable skills in teamwork and sportsmanship.

The administrative team looks forward to all of the community support in the upcoming events and seeing the students of West Point-Beemer thrive. It truly is a great time to be a Cadet!

Go Cadets!

Dear Parents:

I would like to extend a warm welcome to all students and their parents. I am looking forward to working with you and your children at West Point Public Schools during the 2021-2022 school year. To ensure your child's health and safety I would like to share a few items with you.

HEALTH CONCERNS: Please inform us of any severe allergies, surgeries, accidents or health problems/medical conditions that your child may have. This information can be vital in providing care for your child should something happen to them while at school.

MEDICATIONS: NO child is to take or carry PRESCRIPTION or OVER THE COUNTER MEDICATIONS at school. If a child, by order of a physician, must receive prescription medications in school, a parental signature and physician's prescription is required prior to administration. Our medication form must be completed and signed by the parent for both as needed OTC and prescription medications. This form, along with the medication in its original container, must be brought to school by the parent/guardian. All medication MUST be administered in the nurses' office.

IMMUNIZATIONS: If your child still needs immunizations, there are monthly Northeast Nebraska Community Action Partnership (NENCAP) immunization clinics and Elkhorn Logan valley Public Health Department (ELVPHD) immunizations clinics throughout the area. Please call 1-877-529-2207 (NENCAP) or 402-529-2233 (ELVPHD) to make appointments or ask questions. All children must be accompanied by a parent to the clinic and a health questionnaire must be completed. It's also necessary to take the child's current immunization record with you to ensure accurate documentation. The upcoming area clinics are:

NENCAP Immunization Clinics

West Point- Grace Lutheran Church (104 S. Colfax Street)

9:30 am- 3:30 pm: August 9th, August 24th, September 13th, September 28th, October 15th, October 26th,

MUST CALL FOR APPOINTMENT (402-529-2233)

Dinkluge Medical Clinic in West Point offers immunizations without a doctor's appointment. Please come prepared with your child's current immunization record. Call 402-372-2477 to schedule a nurse visit and for more information.

Midtown Health Center in West Point is available for immunizations. Please contact them at 402-313-3734 for more information.

I hope you have a safe and healthy school year. If I can be of any help throughout the year, please don't hesitate to call me at school!

Be Well,

Mrs. Katie Anderson, RN, BSN
